4.5"L x 4.5"D x 6.5"H

Find a world of possibilities to thrill even the most discerning of recipients with our unique rotating globes. This eye-catching globe features cool sea foam green oceans combined with a vintage 1790 map created by Giovanni Maria Cassini. Other designs available. These amazing globes turn all on their own, in any setting with ambient lighting, no batteries required. Want to know more? Each globe has a transparent outer shell made from carefully selected, high-quality acrylic. This external layer remains stationary while an
