TIMBER CANDLES

Timber Candles are known throughout the industry as the ORIGINAL hand-poured, distress-textured candles. They display a warm glow and boast phenomenally long burn times. The fully-refined, food-grade paraffin wax has been hydro treated to remove impurities and color. The result is a wax that is water clear, odorless and smokeless during burning. They use only 100% cotton wicks from the U.S. and fine dyes from Germany.☒
