NAPLES WOODCHART-\$398.00

13.5"L x 2"D x 43"H

Naples is in the heart of the Paradise Coast, so named because of the crystal-blue waters and white sugar-sand beaches. The Naples Florida 3D Nautical Wood Chart is made of high-quality Birch. The pieces are seamlessly glued together to create the bathymetry and topography of the area surrounding Naples. The pieces are hand-stained to accurately depict the depths of the water and visually separate the blue water from the land. Each nautical wood chart is finished with a solid wood frame and protected with acrylic glass. Celebrate
